-

Contact Rain Bird GSP at (866) GSP-XPRT to schedule a tune-up service for your central control computer today!

All services performed by Rain Bird GSP's certified Dell™ repair technicians. Estimated return date will be quoted at time of order. Ground service shipping charges are included and will be coordinated by Rain Bird GSP.

Disclaimer: Any hardware, software, or additional services identified as necessary to complete repair will be quoted at time of repair and not performed or installed until quote is agreed upon by the purchaser. Tune-Up Service does not cover 3rd party software not installed by Rain Bird at the time of purchase or after the time of purchase by either a Rain Bird GSP employee or an Authorized Rain Bird Distributor service person.
