

GSP LT Service Plans

A new addition to the family of three year Global Service Plans.

Rain Bird's GSP LT service plans provide golf irrigation professionals with budget-conscious options to update their central control technology and renew their Global Service Plans for three years. Our GSP LT plans enable users of previous versions of central control platforms to save time and money with updated software, available GSP features, and a new irrigation computer.

GSP LT Features and Benefits

- Dell® Desktop Irrigation Computer.** Irrigation computer with three year Dell warranty, 19-inch flat panel monitor, Windows® 7 operating system, 2GB RAM, 200 GB HD, Microsoft Security Essentials and GoToAssist™ software packages installed, tested, and ready to use.
- Rain Bird Golf Central Control Software Version 6.** Update your central control, technology and get instant access to our water and energy-saving software features* such as Temporary Station Adjust, Flo-Manager®, SmartPump™, and weather station capability. GSP LT members will receive version 6 central control software according to the conversion chart shown above. This plan does not include automatic no charge upgrades to future software versions of Rain Bird central control software.
- Toll-Free Remote Technical Support. 8 a .m. to 5 p.m.** Local business hours, Monday - Friday, normal business days. Get technical instruction, and troubleshooting assistance for your entire Rain Bird central control system from our team of industry certified GSP Engineers to help you maximize the features of your central control system. Save time by calling on GSP to help you solve irrigation problems while you're on site or provide answers when you need them most on any aspect of your Rain Bird central control system. Bilingual support is also available!

Upgrade Chart		
Current Software Package	Upgraded Version 6 Software Package	Included Keycode Modules
MAXI® V	→ Nimbus™ II	FREEDOM & Auto ET Modules
Stratus™	→ Stratus II	FREEDOM Module
Nimbus	→ Nimbus II	FREEDOM & Auto ET Modules
SDC-1™	→ StratusLT™	FREEDOM Module

* StratusLT and Stratus II users will receive version 6 software for their respective system types. No modules requiring keycodes will be provided unless previously purchased.

- Remotely Secured Database Back-Up Service.** Utilize GSP's secure storage service to back-up your Rain Bird irrigation files and reduce or even eliminate the time needed to reprogram system settings and schedules should a loss of data occur. One call to GSP will have a copy of your irrigation files sent via Next Business Day delivery service or uploaded via GSP's remote access software.
- GSP Webinars.** Enhance your knowledge of central control features, learn tips, tricks, and programming short cuts, or take advantage of Q&A sessions with Rain Bird Product Experts and GSP Engineers provided at the end of each webinar. Refresh your knowledge by accessing webinar recordings on your schedule and all from your location!
- GSP Quarterly Newsletter.** Packed with product reviews, troubleshooting tips and informational updates, the GSP Quarterly newsletter is only available to Global Service Plan members.
- GoToAssist™ Remote System Diagnostics.** GSP Engineers can remotely access your central control computer when issues can't be resolved over the phone and get your irrigation system functioning properly. If you have questions about your system that require instruction, our GSP Engineers can guide you through as you watch and learn on site!
- Hardware Replacements and Repairs.** Hardware replacement or exchange services are available for an additional, discounted fee. They may be purchased as needed and as a GSP LT member, you will receive an exclusive 20% discount off published list prices plus shipping charges. All GSP hardware services are listed in the GSP Services Catalog, available through your Rain Bird golf distributor.
- 20% Board Exchange Program Discount.** Should you be in need of replacement parts available in the GSP Services Board Exchange Program, you are entitled to a GSP LT member discount of 20% off list prices.
- Central Control Software Upgrade Discounts.** As a Global Service Plan member, you will be eligible for special discount pricing if you chose to upgrade your central control system and increase your system's functionality.

*Note: Some users may need to purchase additional software modules.

GSP LT Plan Options

All GSP LT plans include a new GSP LT Computer. Lump sum and annual payment options are available.

Some eligibility requirements for GSP LT plans apply, including the following:

- Member's most recent GSP Membership must have expired prior to January 1, 2009
- Member's on site central control computer must currently be operating version 6 or older Rain Bird Maxi® V, SDC-1™, Nimbus™, Stratus™, StratusLT™, or Stratus II central control software

To verify eligibility for a GSP LT Plan, please call GSP at (866) GSP-XPRT.
