

The Remote. Reborn.

Introducing the Landscape Irrigation and Maintenance Remote (LIMR)

Reinventing the irrigation remote.

The all-new Rain Bird® Landscape Irrigation & Maintenance Remote (LIMR) was designed for usability, performance and reliability. Experience the remarkably simple interface and easy-to-follow, on-screen instructions, such as:

- Run a system test
- Skip to any zone by entering its number
- Activate a zone
- Run a program
- Custom receiver naming

Every feature will save you time and money in maintaining efficient Rain Bird irrigation system operation and head alignment. Using less water while getting more done. Now that's The Intelligent Use of Water.™

Fully Compatible With:

ESP-Modular

ESP-SMT

ESP-LX Modular

STPi

ESP-LX+
