

## HE-VAN Nozzles Featuring Flow Control Technology

**RAIN BIRD®**

*With patent pending Flow Control Technology, Rain Bird® HE-VAN Nozzles offer even coverage throughout the spray pattern, saving water and delivering a healthy, beautiful landscape.*

### **Application:**

Hand-adjustable HE-VAN Nozzles are ideal for watering landscapes of various shapes, including oddly shaped areas.

### **Outstanding Results:**

- The even coverage of HE-VAN Nozzles makes them the perfect choice for homeowners looking to save water and prevent brown spots.
- You may live in an area with watering restrictions. The high efficiency of the HE-VAN Nozzle allows you to shorten your sprinkler run times by up to 35%.
- The larger water droplets prevent misting and airborne evaporation so the right amount of water is delivered to the right place, saving you water and money.
- Gentle close-in watering eliminates dry spots around the spray head.
