

SUBJECT: '1800 White Screen Filter' Now Available for Part Orders

MODELS AFFECTED:

Model	1800SCREEN
Product ID	A21511
Domestic List Price* (July-19)	\$0.6617 ea.
International List Price* (July-19)	\$0.7077 ea.
Carton Dimensions	12" x 11.8" x 6.1"
Carton Weight	4 lb
Carton Quantity	1500

*subject to change

IMPLEMENTATION DATE CODE: July 2019

Introduction:

Based on popular demand, the "1800 white screen filter" sold with higher flow MPR nozzles is now available for order as a standalone replacement part. This part number will appear in a future release of the Rain Bird Numerical Parts Price List.

The white screen filter (A21511) provides filtration at 0.035" x 0.045". It is complemented by the already-available fine mesh blue screen filter (A21550) which uses 0.02" x 0.02" filtration for lower-flow MPR nozzles, VAN, and U-Series nozzles.

Interchangeability:

Below is a filter-nozzle compatibility matrix. Please note that this matrix includes certain discontinued nozzle models that may still be field serviceable.
