

SUBJECT: Updates to 30-PSI Regulators

Introduction:

Rain Bird is updating our 30-PSI regulators. While the model numbers, performance specifications, and prices are the same, the new versions have slightly different form factors and new Product IDs have been assigned. Distributor set up forms for the new SKUs are attached.

Discontinued Product	Replacement Product	Interchangeability
PRS05030 (Product ID: X22000) Description: PRS-050-30 1/2INRETRO REG.	PRS05030 (Product ID: X22001) Description: 30PSI 1/2IN RISER 	The new item, X22001 has the same max diameter, (1 ¼ inches), but is 5 3/8 inches tall/long compared to 3 7/8 inches for the old part. They are functionally interchangeable but may require movement or adjustment of other components to ensure fit. Note that the case quantity for X22001 is 50, which is double what it was for X22000.
PSIM30X075 (Product ID: X15050) Description: PSI-M30X-075 3/4IN120-600 GPH	PSIM30X075 (Product ID: X15052) Description: 30 PSI, 2-22 GPM, 0.75in FPT 	The new item, X15052 has the same overall dimensions, (4 ¼ inches length by 2 inches in max diameter), and so is directly interchangeable with the older version.

No new units are being produced of either X22000 or X15050 but sufficient inventory remains to fulfill existing and near-term orders. Both of the new products are expected to be in production by 12/31/2025.
